

GCLS LAMISTAD CONFERENCE

Greater Caribbean
Light Source / Latin
American International
Synchrotron for
Technology, Analysis,
and Development

Please join the 2026 conference of the Greater Caribbean Light Source / Latin American International Synchrotron for Technology, Analysis, and Development (GCLS/LAMISTAD) as we communicate and celebrate synchrotron sciences in the Caribbean and Latin American regions, and worldwide.

We have a vision to establish an advanced light source in the Greater Caribbean and Latin American region, which includes Chile to Bermuda (N/S) and Mexico, Caribbean Islands, Brazil and (E/W).

8-11 JUNE 2026

Virtually on Zoom | Time Zone: GMT-4, America/Puerto Rico
